

Register For IBM CLOUD

Team ID	PNT2022TMID14256
Project Name	Project-Crude Oil Price Prediction

The screenshot displays the IBM Cloud Dashboard in a web browser. The browser's address bar shows 'cloud.ibm.com'. The dashboard header includes the IBM Cloud logo, a search bar, and navigation links for 'Catalog', 'Manage', and the user account 'GOKUL RAJ K's Account'. The main content area is titled 'Dashboard' and features a 'For you' section with six recommended actions: 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services), 'Build a web app with Watson Speech to Text' (Deploy a conversational interface compatible with any application, device, or channel), 'Get Started with Watson Studio' (Get started with using AI and Cloud Object Storage in 15 minutes), 'IBM Watson Internet of Things Platform' (Communicate with connected devices, monitor and analyze data in real time, connect your own IoT apps and add Watson AI to the solution), 'Build and deploy Node.js apps' (Go from zero to production in minutes with your Node.js applications, integrate with Watson and other services, scale your microservices), and 'Use Cloudant' (Cloudant is a managed NoSQL document database that offers serverless scaling of throughput, capacity, and storage). Below the 'For you' section, there are four panels: 'News' (Introducing Badges to IBM Cloud Certification, Announcing IBM SevOne Network Performance Management Version 6.4, IBM Named a Leader in Gartner Magic Quadrant for Full Life Cycle API Management), 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status' (showing a world map). The bottom of the dashboard features a Windows taskbar with various application icons and system information.
